

Bella Tunno's got you covered

April 17th, 2007

BELLA TUNNO

ChCh Baby!
Fancy, Fresh & Fun Baby Basics

Or at least they've got your little one covered when it comes to those messy art projects. If you're like me and don't always have one of Dad's old shirts to use as a play smock, you'll love [Bella Tunno's](#) line of fun-yet-useful [children's smocks](#). Not only are these play aprons laminated and completely machine washable, but even the inside of the pockets are laminated! The smocks also have two large pockets that can hold whatever your child's imagination needs to create that next work of art. With the messes I make of myself in the kitchen, I wish the Hot Stuff smock came in an adult size!

Bella Tunno also has a wonderful selection of burpies, bibs, "binkers" (pacifier holders), "diaper ditties" (diapers and wipes holders), and "butties" (changing pads). Their fabric designs are fabulous and I love their gift sets in perfectly coordinated styles and fabric. Anything that makes gift giving easier is a plus in my book! Another plus? Bella Tunno donates proceeds from all sales to charity.

So if you're tired of seeing your pint-size artist in one those totally unflattering oversize t-shirts, you definitely need to outfit her in a play smock from [Bella Tunno](#). No reason you can't create art in style!
-Emily
